

BACKGROUND INFORMATION DOCUMENT

**AMENDMENT OF ENVIRONMENTAL
AUTHORISATION AND WASTE
MANAGEMENT LICENCE**

and

**INTEGRATED WATER USE LICENSE
APPLICATION FOR BAKABUNG PLATINUM
MINE**

BACKGROUND

Knight Piésold has been appointed by Bakubung Minerals (Pty) Ltd to amend the existing approved Environmental Authorisation (EA) and Waste Management Licence (WML) granted in 2017 – (NW/30/5/1/2/3/2/1/(339) EM) of the Bakubung Platinum Mine (BPM).

The mine is located on the farm Frischgewaagd 96JQ (Portions 3, 4 and 11), near Ledig, just south of the Pilanesberg Game Reserve and Sun City in the North West Province. Two reefs are being mined for Platinum Group Elements - platinum, palladium, rhodium and gold, with copper and nickel as by-products. The project area falls within the Rustenburg and Moses Kotane Local Municipalities of the Bojanala District Municipality.

Because of the platinum market price, BPM had to re-optimize the process in order to make its operations financially viable. The mine capacity was authorised for 3 MT/annum, but BPM wishes to approach this capacity in a phased approach - 1 Mt/annum (immediate) and 2 MT/annum (by 2024).

This document aims to provide background information on the proposed project so that Interested and Affected Parties (I&APs) are able to register and provide their comments or concerns.

PROJECT DESCRIPTION

The specific changes to the project are:

1. Capacity change from 3 MT/annum to 1 MT/annum and 2 MT/annum
2. Construction of additional Tailings Storage Facility (TSF) on Frischgewaagd Farm
3. Change of liner for stock pad area

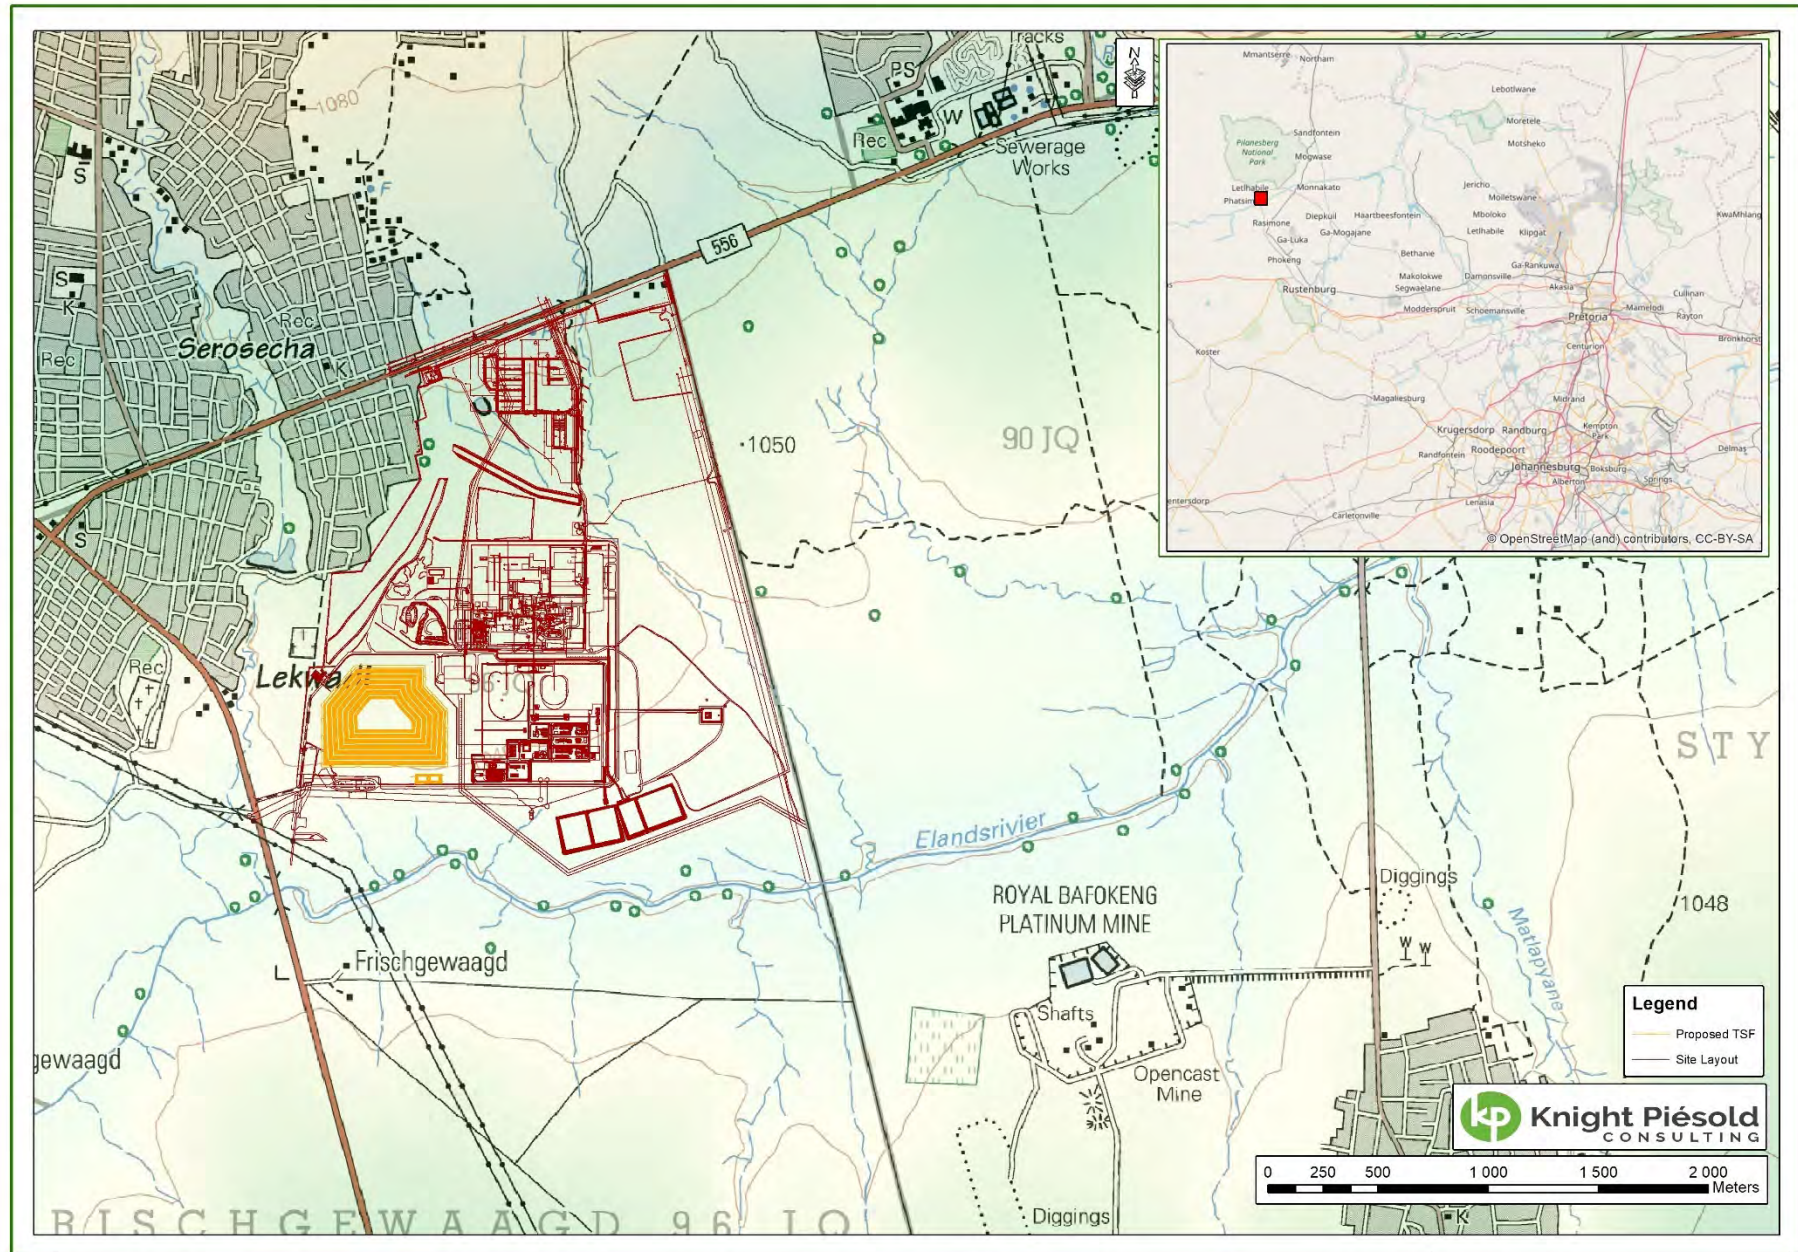

Figure 1: Bakubung Locality Plan

EA AMENDMENT AND IWULA PROCESS

The application for amendment of the EA is undertaken in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998) and WML in terms of National Environmental Management Waste Act, 2008 (Act No. 59 of 2008) as amended, and the Environmental Impact Assessment Regulations of 2014.

The listed activities triggered are:

- GN 983 (9): Possible pipelines to move tailings to tailings facility.
- GN 984 (1): Additional water uses will be triggered by the additional TSF and evaporation dam.
- GN 921 Cat B (7): Proposed new TSF and evaporation dam.

An integrated water use licence application (IWULA) in terms of the National Water Act (Act 36 of 1998) and GN 267 (2017) is also required and will run in parallel to the EA and WML Amendment.

The water uses to be applied for are:

- 21 (g): Evaporation Pond associated with the TSF
- 21 (g): New TSF
- 21 (g): Dust suppression
- 21 (c) & (i) for activities (TSF, evaporation pond) within 500m of a wetland.

A Public Participation Process will be undertaken and will also be in line with the above-mentioned legislation.

SPECIALIST STUDIES

The following specialist studies will be undertaken / updated for the EA and WML amendment process:

- Aquatics Study
- Geohydrology
- Heritage
- Air Quality
- Socio-economic Study
- Stormwater Management Plan
- Annual Rehabilitation Plan

REGISTRATION AS AN INTERESTED AND AFFECTED PARTY

Interested and Affected Parties (I&APs) are invited to register and participate in the process by contacting Tania Oosthuizen at the contact details provided.

The Draft Environmental Impact Assessment Report (DEIAR) and the Environmental Management Programme (EMPr) will be made available for public review. Registered I&APs will be notified of the review period details and public meeting. Concerns and / or comments which stakeholders or I&APs with regards to the proposed amendments will be captured and included in the report.

Onnies en leerders takel skool aanlyn

RUSTENBURG HERALD - RUSTENBURG - Rustenburg Herald het in 'n vorige uitgawe berig oor ouers wat inderhaas "onnies" moes word tydens die isolasietydperk en die impak op die gesinslewe en leerders. Maar vir onderwysers was dit 'n groot uitdaging om aan te pas by die nuwe manier van onderrig.

Die algehele inperking was 'n groot verandering en 'n absolute uitdaging wat hulle uit hul gemaklike geriek het.

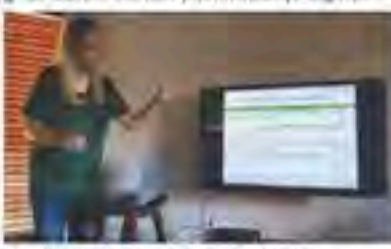

Volgens René Schoonbee, skoolbeambte van Laerskool Rustenburg het die personeel binne die eerste week besef hulle sal 'n styl van die inperking met onderrig moet voortgaan. "Gelukkig het meeste van die vakonderwysers vir hul klasse akademiese opdragte vir die vakansie gegee en is die pas dus van dag een af aangegee".

Buiten die huiswerk het skole landwyd besluit dat aanlynklasses op die verskillende platforms soos WhatsApp, Google Classroom, Zoom ensovoorts aangebied sal word. Onderwysers het gedurende die eerste week van die inperkings tydperk, hul beplanning gedoen en onmiddellik die klasse begin aanbid. Vir baie was dit 'n onseker tyd maar met behulp van aanlyn opleiding deur SOS Skole (id van die Solidariteitsbeweging en

Fedias) het die personeel somer spoedig nuwe vaardighede aangeleer wat nou tot voordeel strek van die leerders. "Personeel

Marion Munch se opgewonde oor juffrou Daleen se graad 2 Zoom-klas terwyl hulle Melisa ysing werk.

Kafel Venter besig met 'n aanlyn videoles.

Mia Louise Venter - kinders se tegnologie se baas.

René Schoonbee, vroeggevoerde Zoom vergaderings gee die pas aan.

Onnies is ook mammas wat uitdaging moet oorkom om tuis te onderrig.

bestes geweldig baie tyd aan voorbereiding en leer by mekaar rakende die tegnologie en nuwe aanlyn-onderrigmetodiek," se René. Die grootste uitdaging is die onsekerheid oor die duur van die grendeltyd. "Ons besef dat nie al ons leerders oor die tegnologie beskik om by aanlyn-onderrig baas te vind nie. Van hulle het ook hul handboeke vir die duur van die skoolvakansie by die skool gelaat en onderwysers doen baie moeite om voorbereidende leermateriaal beskikbaar te stel. Terugvoering van leerders en ouers is heel positief." Covid-19 en die inperking skep vir alle skole enorme uitdaginge en eis opofferings soos nooit tevore nie. "Skole, beheerliggame, ouers en skoolgemeenskappe

sal binnekort besluite oor begrotings, fondesinsamelingsprojekte wat nie gereëldeer het nie en die inperking van uitgawes wat weens die koronavirus nie meer aangegaan kan word nie, moet neem.

"Rustenburg se onderwysgemeenskap is baie positief. Daar sal wel innoverende planne gemaak word, maar solank ons oor geestdriftige onderwyspersoneel en 'n betrokke en ondersteunende ouergemeenskap beskik, sal niks 'n skool onder kry nie". Dink onderwysers en skoolhoofde landwyd sal met die stelling kan versoen. "In Positiewe ouer en skoolverhoudings sal verseker dat ons kinders positiewe voordeel trek uit die nuwe elektroniese leeromgewing".

Larrie ouers en leerders (en ondersteuners) brei dat dit klap

RUSTENBURG HERALD - RUSTENBURG - Laerskool Rustenburg, bekend vir sy omgeekultuur brei tans "vroeëlmoue" vir bejaardes met Alzheimers, 'n projek van Helpende Hand. Die Larrie ouers en leerders (en ondersteuners) brei dat dit klap, en selfs die manne het ingespring om hiermee te help. Dankie aan elkeen wat deel is van die omgee gebaar.

Thane Olivier en Sumari Prinsloo het die moontlike vroeëlmoue voltooi.

Devan Swart.

Mari Swart.

Charl Swart.

Melani Swart.

Nie eens die isolasietyd kon vir René en die omgee-gemeenskap stuit

RUSTENBURG HERALD - RUSTENBURG - René Schoonbee, skoolbeambte van Laerskool Rustenburg het die afgelope vyf weke 'n storie van omgee om te vertel.

Laerskool Rustenburg het 'n voedingskema bekend as die Happieklub wat bestuur word deur Tessa Theunissen. Met die onsekerste isolasietydperk en die skole wat inderhaas gesluit het, was daar nie genoeg tyd om al die reëlings in plek te kry nie. Uit die nood het daar wel 'n unieke projek ontstaan - die Lames Covid 19 #OmgeeLamesprojek. 'n Lame-ouer het 'n whatsappgroepjie gestig waar sy skenkings gevra het en ook die nood bepaal het. René verwy na Marlene Botha as die "trein" agter die inisiatief. Met minimum fondes is die eerste pakke aan Lames gesienre uitgeleë en het Suzi Krobath besluit om maskers te maak wat in ruil vir 'n donasie vir die voedingsprojek. Hiervoor kan René nie genoeg dankie sê nie - alreeds sê hulle 'n verskillende, alreeds blomme of wakkie, groente, vrugte of vleis wat ontvang is het deel geword van 'n omgee pakkie. René wil graag haar kollegas, Lames se Beheerliggaarslede en al die donateurs bedank vir hul harde werk en oop hande en harte.

Henry Grynshout, beheerliggaarslede van Laerskool Rustenburg het met raad en daad die spie beplan.

Tessa Theunissen, Happieklub-koördinerende het bespreek dat die Lame-ouers tydens die isolasietydperk spesies heel pakke verskaf.

OmgeeLames, die van Heerdonk-klansied het ook eienhandig pakke gepak en kom aflewer.

SA Drogtehoop wat bekend is vir hul groot harte het ook 'n deel gemaak by Lames. Op die foto verskyn: Henry Grynshout (BA-Ed Larrie), Piet Rich en Chris van Bellen (SA Drogtehoop), Andre Richter (Larrie-ouer), Fred Wille (SA Drogtehoop), René Schoonbee (koördinerende van die projek) en Elnorine Richter (Larrie-leerder).

Tania Grynshout en René Schoonbee.

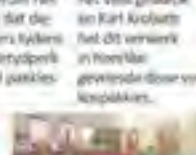

Piet van Rensburg en pastoor Jaco Linde en sy vrou het namens Platinum Biker Federation sake vol kos geskenk vir die projek. Die pasta en melkmoed in die agtergrond is geskenk deur Paul Dos Santos, sakeman en Larrie-ouer.

Thys Potgieter het grendeltyd spandeer om te help pakke pak.

Suzi Krobath en Lize-Marie Howard het dag en nag pakke gemaak wat geskenk het dat die projek van krag tot krag gaan.

Adriens Pieterse het 'n Facebook-uitdaging gegee en die denkinge wat hy hiermee bynaam gemaak het, het hy ook geskenk vir die projek.

Notice of Application for Amendment of Environmental Management Programme (EMPr) as well as new Water Use Licence Application for Bakubung Platinum Mine

Applicant: Bakubung Minerals (Pty) Ltd. (BPM)

Nature of activity: The specific changes to the project are:

- Capacity change from 3 MT/annum to 1 MT/annum and 2 MT/annum.
- Construction of additional Tailings Storage Facility (TSF) on Frischgewaagd Farm.
- Change of liner for stock pad area.

Application: The application for amendment of the Environmental Authorisation (EA) is undertaken in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998) and Waste Management Licence (WML) in terms of National Environmental Management Waste Act, 2008 (Act No. 59 of 2008) as amended, and the Environmental Impact Assessment Regulations of 2014. The listed activities that may be triggered are:

- GN 983 (9): Pipelines to move tailings to tailings facility.
- GN 984 (1): Additional water uses will be required for the TSF and evaporation pond.
- GN 921 Cat B (7): Proposed new tailings facility and evaporation pond.

An integrated water use licence application (IWULA) in terms of the National Water Act (Act 36 of 1998) and GN 267 (2017) is also required and will run in parallel to the EA and WML Amendment.

Location: The mine is located on the farm Frischgewaagd 96JO (Portions 3, 4 and 11), near Ledig, in the North West Province. The project area falls within the Rustenburg and Moses Kotane Local Municipalities of the Bojanala District Municipality.

Opportunity to comment:

All Interested and Affected Parties are invited to participate in the processes. For additional details on the project, to register as an interested or affected party, or to comment on the application please contact the following consultant at Knight Piésold:

ISSUES AND CONCERNS REGISTER

DATE:	22/09/2020	TIME:	09:30
DETAILS OF MEETING:	Stakeholder Engagement Forum Meeting	VENUE:	Bakubung Bush Lodge

NO.	ISSUE	RAISED BY	RESPONSE PROVIDED	PROVIDED BY
1	The public notice should also be published on the local municipality newspaper	Councillor Chonko Botlhokwane	This was agreed to. The information of the newspaper was obtained after the meeting. The wording of the advert was sent to Councillor Botlhokwane prior to the public review period. She confirmed that it was placed.	Tania Oosthuizen (Knight Piésold Environmental)
2	Concern regarding noise pollution (especially 2km within the mine radius).	Local businessman- Patrick Ngobeni	There is a noise survey that is being done (to monitor the day and night noise levels) to monitor the noise that is generated by the mine. There is an ambient noise monitoring (internally and externally) that is being done. Controls have also been put in place to ensure that the noise threshold levels of the Department of Mineral Resources are adhered to. The results of the noise survey will be shared with the public. Also, dust buckets have also been put in place to monitor the air quality around the mine.	Keneilwe Mntambo (Bakubung Environmental)

NOTICE OF APPLICATION FOR AMENDMENT OF ENVIRONMENTAL MANAGEMENT PROGRAMME (EMPR) AS WELL AS NEW WATER USE LICENCE APPLICATION FOR BAKUBUNG PLATINUM MINE

Applicant: Bakubung Minerals (Pty) LTD

Nature of activity: The specific changes to the project are:

- Capacity change from 3 MT/annum to 1 MT/annum and 2 MT/annum
- Construction of additional Tailings Storage Facility (TSF) on Frischgewaagd Farm
- Change of liner for stock pad area

Application: The application for amendment of the Environmental Authorisation (EA) is undertaken in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998) and Waste Management Licence (WML) in terms of National Environmental Management Waste Act, 2008 (Act No. 59 of 2008) as amended, and the Environmental Impact Assessment Regulations of 2014. The competent authority for the EA and WML amendment process is the Department of Mineral Resources and Energy (DMRE).

An integrated water use licence application (IWULA) in terms of the National Water Act (Act 36 of 1998) and GN 267 (2017) is also required and will run in parallel to the EA and WML Amendment. The competent authority for the IWULA is the Department of Human Settlements, Water and Sanitation (DHSWS).

Location: The mine is located on the farm Frischgewaagd 96JQ (Portions 3, 4 and 11), near Ledig, in the North West Province. The project area falls within the Rustenburg and Moses Kotane Local Municipalities of the Bojanala District Municipality.

Draft Report: The draft amendment report will be available for public review from 21 October – 20 November 2020. The document can be downloaded from www.knightpiesold.com/Bakubung and a hard copy will also be made available at Ledig Tribal Office.

All comments should be submitted in writing to Tania Oosthuizen no later than Monday, 23 November 2020.

Temporary Disability and Care Dependency Grants extended

RUSTENBURG HERALD

RUSTENBURG: Announcement by The Minister of Social Development Hon. Lindiwe Zulu in relation to the new directives on temporary disability and Care Dependency grants brought a sign of relief to beneficiaries amidst the economic pressure brought by Covid-19 pandemic.

Temporary Disability Grants which lapsed in July 2020 or were due to lapse during the months of August to October will not lapse until the end of December 31, and will continue to be paid until 31 December 2020.

Care Dependency Grants, which were previously extended to October 2020 under the Directions published in Government Notice No. R. 517 of 9 May 2020 and Care Dependency Grants that are due to lapse between the months of November to December, will not lapse in October 2020, but will continue to be paid until December 31.

The agency has also resumed disability grant application services in all its local offices within the North West Province, now that the country has moved to Covid19 alert level 1. However, clients are still encouraged to avoid going to the offices for enquires and to lodge complaints which can be done telephonically on 0800 60 10 11 or 018 397 3360 alternatively visit SASSA website on www.sassa.gov.za

AN ENJOYABLE CYCLING EXPERIENCE!

Rustenburg – It was another grueling but enjoyable cycling experience for members of the Rustenburg Cycling Club (RCC) on Sunday 11 October. The enthusiastic cyclists eagerly took part in the Cancer Association of South Africa (CANSA) Lost City Road Cycle Race. The prestigious race is a premier seeding event for the Cape Town Cycle Tour and the event has become famous for offering a fun-filled family day with lots of prizes, competitions, and other activities. Photo: Back from left: Paul Grobler, Rassie Grobler, Johan Steyn, Charl Kloppe, Gregg Taylor, and Donita Visser. Front from left: Henry de Kok, Adriaan du Plooy, Morne du Plessis, Johan Hattingh, Johan Roos, Jason Hydon, and Marlene Human.

WHAT’S THAT SAYING ABOUT THE GRASS IS GREENER?
[Letter to the editor]

Tlhabane – My family and I reside in Tlhabane West. Since 2019, we have experienced water shortages that are too many to mention, and the situation is now getting out of hand. If is unfortunate that during the COVID-19 pandemic, we do not even have water to wash our hands as often as we should. We can’t even brush our teeth with tap water... they are empty and dry – what a start to a day! Despite these challenges, we have been settling our municipal monthly bills – even though they are not being delivered.

On several times, we have registered our complaints with the relevant authorities at the municipality but so far, nothing positive seems to be coming out of these engagements. We are not even able to flush our toilets, and this puts us at a serious health risk. We do catch rainwater, but it only goes so far.

To make matters worse, many of our roads in Tlhabane are badly damaged and driving is a terrible experience. Try teaching a youngster the K53 here!

Tlhabane West Resident

TLHABANE...
The grass is always greener on the other side of the fence...
O no – wait! It's in the middle of the road in the pothole! There is no fence, no water for the grass, and the rain is decorating our potholes.

DYI FOR SURE MEANS DO IT YOURSELF!

Rustenburg – Residents using the Alamein, Hendrik van der Merwe and Zand streets were fed up with the state of the roads and decided to do something themselves.

They got various quotes from contractors but due to the exuberant costs, they were unable to pay for the repairs. In the meantime, the damaged road deteriorated even further, causing damages to many vehicles. Someone then recommended that they use the services of Jacob Motamba. Jacob has become Rustenburg's 'Mr Fixit'. Jacob managed to fix the road in just three days using the 32 bags of tar and two bags of cement donated and paid for by the following people:

- Sonja Lourens
- Nicolene Botha
- Tian Ferreirra
- Mike Loots
- Doreen Lundersted
- Alet Potgieter
- Sumayya Berrickce
- Leon Phakonne
- Johan Pretorius
- Magda Best

- Tassie Niilo Engineering
- Hettie
- Jeandre du Preez
- Staff Franka Guesthouse
- Gert du Plessis
- Naomie Sauerman
- Juliana Webber

The community would like to thank everyone who contributed towards the project, even positive comments, a smile and a thumbs-up made the burden a little lighter.

Jacob is a young entrepreneur willing to assist with fixing potholes as well as doing general handyman work and can be contacted on 071 238 8385.

Jacob Mothamba hard at work.

Notice of Application for Amendment of Environmental Authorisation (EA) as well as Water Use Licence Application for Bakubung Platinum Mine

Applicant: Bakubung Minerals (Pty) Ltd

Nature of activity:
The specific changes to the project are:

- Capacity change from 3 MT/annum to 1 MT/ annum and 2 MT/annum
- Construction of additional Tailings Storage Facility (TSF) on Frischgewaagd Farm

Application: The application for amendment of the Environmental Authorisation (EA) is undertaken in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998) and Waste Management Licence (WML) in terms of National Environmental Management Waste Act, 2008 (Act No. 59 of 2008) as amended, and the Environmental Impact Assessment Regulations of 2014. The competent authority for the EA and WML amendment process is the Department of Mineral Resources and Energy (DMRE).

An integrated water use licence application (IWULA) in terms of the National Water Act (Act 36 of 1998) and GN 267 (2017) is also required and will run in parallel to the EA and WML Amendment. The competent authority for the IWULA is the Department of Human Settlements, Water and Sanitation (DHSWS).

Location: The mine is located on the farm Frischgewaagd 96JQ (Portions 3, 4 and 11), near Ledig, in the North West Province. The project area falls within the Rustenburg and Moses Kotane Local Municipalities of the Bojanala District Municipality.

Draft Report

The draft amendment report will be available for public review from 23 March – 24 April 2021. The document can be downloaded from <https://www.knightpiesold.com/pa/bakubung/> and a hard copy will also be made available at the Ledig Tribal Office.

All comments should be submitted in writing to Tania Oosthuizen no later than Monday, 26 April 2021.

- Min 3 years relevant hands on experience at senior management level.
- Experience in Mining and Side Tippers

If you meet the above mentioned requirements please send your CV to: info@renscorp.co.za

Duimpie Den nou in nuwe hande

Dit besorg my, Sonja Norris, groot hartseer om dié hoofstuk in my lewensboek van 24 jaar waarin Duimpie Den voorwaar die grootste rol gespeel het, finaal waarwel te moet toeroep. Dit is egter met groot verligting en vreugde dat ek die leisels kan oorhandig aan iemand wat die nuwe verantwoordelikheid met soveel ywer en toewyding aanvaar. Ek stel met 'n absolute lied in my hart Duimpie Den se nuwe eienares - Charmaine van der Wal - aan julle voor. Ek laat julle - Duimpie Den se geliefde en lojale ouerkorps en ons uiters kosbare klein kleutertjies met groot vertroue in hierdie groot gees se bekwaame hande met algehele vertroue dat interaksie en verhoudinge net dag tot dag kan verbeter. Ek laat 'n deel van my hart agter, maar ek weet dit is in goeie hande. (221376)

ANNEXURE 2

NOTICE OF APPLICATION FOR REGISTRATION OF A PARTY IN TERMS OF SECTION 16(1)(a) OF THE ELECTORAL COMMISSION ACT, 1996 (ACT No. 51 OF 1996)

Notice of Application for Amendment of Environmental Authorisation (EA) as well as Water Use Licence Application for Bakubung Platinum Mine

Applicant: Bakubung Minerals (Pty) Ltd.

Nature of activity: The specific changes to the project are:

- Capacity change from 3 MT/annum to 1 MT/annum and 2 MT/annum.
- Construction of additional Tailings Storage Facility (TSF) on Frischgewaagd Farm.

Application: The application for amendment of the Environmental Authorisation (EA) is undertaken in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998) and Waste Management Licence (WML) in terms of National Environmental Management Waste Act, 2008 (Act No. 59 of 2008) as amended, and the Environmental Impact Assessment Regulations of 2014. The competent authority for the EA and WML amendment process is the Department of Mineral Resources and Energy (DMRE).

An integrated water use licence application (IWULA) in terms of the National Water Act (Act 36 of 1998) and GN 267 (2017) is also required and will run in parallel to the EA and WML Amendment. The competent authority for the IWULA is the Department of Human Settlements, Water and Sanitation (DHSWS).

Location: The mine is located on the farm Frischgewaagd 96JQ (Portions 3, 4 and 11), near Ledig, in the North West Province. The project area falls within the Rustenburg and Moses Kotane Local Municipalities of the Bojanala District Municipality.

Draft Report: The draft amendment report will be available for public review from 23 March – 24 April 2021. The document can be downloaded from <https://www.knightpiesold.com/pa/bakubung/> and a hard copy will also be made available at the Ledig Tribal Office.

All comments should be submitted in writing to Tania Oosthuizen no later than Monday, 26 April 2021.
